PROFILE

Frontend Engineer, Digital Marketer, Photographer, and Entrepreneur skilled in HTML, CSS, JavaScript, React. Experienced in building scalable software and web solutions, IT consulting, and leading projects. Beyond tech, I explore photography, exchange markets, and real estate, combining creativity, innovation, and strategy for impactful growth.

WORK EXPERIENCE

- **Lumeriox Technologies** 2025 - PRESENT
Frontend Engineer
 - Built Clean, responsive and high interaction interfaces with React.
 - Improved performance and accessibility, achieving higher Core Web Vitals scores.
 - Translated Figma designs into fully functional, cross-browser compatible web pages.
- **Nexora Dynamics** 2024 - 2025
Junior Frontend Developer
 - Developed modern, user-friendly interfaces with HTML5, CSS3, and JavaScript.
 - Integrated REST APIs into frontend components for dynamic data rendering.
 - Enhanced mobile responsiveness and ensured compliance with accessibility standards (WCAG).
